

Young People's Work Ready Training - Young Asian Voices

- **Target wards:** Hendon and Millfield (Sunderland East)
- **Target group:** BAME
- **Timeline:** July 2019 - March 2023
- **CLLD (ESF) funding:** £113,002
- **Total project value:** £226,005

Project summary:

Supporting disadvantaged, unemployed young people, aged 16 and over to identify and achieve their career aspirations. Working with young people, the project supported individuals to gain transferable skills, build their confidence and assist them to gain qualifications enabling them to move towards gaining paid employment and/or being work ready.

The project delivered:

- 235 participants supported
- 87 participants moved into education or training
- 80 previously unemployed participants moved into employment
- 8 previously inactive participants moved into employment or job search

Tech for Communities - Sunderland Software City

- **Target Area:** CLLD wide
- **Target group:** VCSE's or CLLD projects
- **Timeline:** February 2020 – March 2023
- **CLLD (ERDF) Funding:** £50,487
- **Total Project Value:** £84,145

Project summary:

Sunderland Software City helped VCSE organisations increase their social impact and organisational efficiency through exploring the adoption of digital technologies. The project launched during the coronavirus pandemic; a time when digital adoption was needed most to support communities across Sunderland. The project involved a series of digital events focused on providing practical digital adoption methods to VCSEs.

The project delivered:

- 21 enterprises received support

Enterprise for All - Sunderland Bangladesh International Centre

- **Target area:** CLLD wide
- **Timeline:** March 2020 – March 2023
- **CLLD (ERDF) funding:** £104,391
- **Total project value:** £173,985

Project summary:

Enterprise for All explored opportunities to set up businesses and raise awareness of enterprising opportunities within BAME communities. Information, advice and guidance was provided for people in the CLLD area of Sunderland. One to one support was provided to individuals and workshops were delivered to develop understanding of enterprise and self-employment.

The project delivered:

- 5 enterprises received support
- 2 new enterprises to receive support
- 2 new jobs created
- 47 potential entrepreneurs assisted

Well Included - International Community Organisation of Sunderland

- **Target area:** City wide CLLD areas
- **Target groups:** The project will target Eastern European migrants and refugees (although no eligible client will be excluded). Some of the clients will be victims of domestic violence and modern slavery.
- **Timeline:** December 2020 - September 2022
- **CLLD (ESF) funding:** £35,806
- **Total project value:** £71,612

Project summary:

The project provided comprehensive, holistic, one-to-one support to improve employability of migrants, including refugees in CLLD-eligible areas. The project provided help with job searching, improving English language skills, access to training and job applications. The project supported clients with the aim for individuals to progress into work or education/training.

The project delivered:

- 37 participants supported
- 17 participants moved into education or training
- 9 previously unemployed participants moved into employment
- 1 previously inactive participant moved into job search

Community Support Workers - Supporting Community Wealth Building in the city

Sunderland City Council

- **Target wards:** Citywide including Sunderland North
- **Target groups:** VCS organisations across the city
- **Timeline:** February 2021 - March 2023
- **CLLD (ESF) funding:** £233,427
- **Total project value:** £466,854

Project summary:

The project provided support to VCS organisations across the city, that the sector itself had identified as what is needed not only to continue to be active in communities but in order to develop and thrive, enabling them to deliver commissioned services which support the delivery of the City Plan and Neighbourhood Investment Plans.

The project delivered:

- 68 VCSE organisations supported to deliver new community-based service
- 9 Social Investment projects supported e.g. new business models, feasibility studies, options appraisal completed
- 68 Number of VCSE organisations supported to become more sustainable
- 17 Number of VCSE sector employees/volunteers supported in the enterprise journey

Community Helper Plus - Youth Almighty Project

- **Target wards:** Silksworth and St. Chad's (Sunderland West)
- **Timeline:** October 2018 - December 2021
- **Neighbourhood funding:** £30,000
- **CLLD (ESF) funding:** £38,995
- **Total project value:** £78,543

Project summary:

Run by Youth Almighty Project, the Community Helper service offered information, advice and guidance to enable the most vulnerable within communities to move into sustainable long-term employment. The vision was to encourage and raise the aspirations of local people in the West of Sunderland. The project assisted individuals with employment and volunteering support, signposting to specialist services, CV development, application forms and more. The goal was to not only improve lives, but also improve the lives of their families, which in turn leads to stronger community spirit.

The project delivered:

- 53 participants supported
- 8 participants moved into education or training
- 8 previously unemployed participants moved into employment
- 10 previously inactive participants moved into employment or job search

Community Champions - Pennywell Youth Project

Phase 1

- **Target wards:** Sandhill and St. Anne's (Sunderland West)
- **Timeline:** October 2018 - December 2020
- **CLLD (ESF) funding:** £42,286
- **Total project value:** £98,216

Phase 2

- **Target wards:** Sandhill and St. Anne's
- **Timeline:** January 2021 – May 2022
- **CLLD (ESF) funding:** £46,428
- **Total project value:** £92,856

Project summary:

The Community Champions provided intensive support for a range of issues. The project aimed to remove barriers and enable residents to gain a range of knowledge and skills. In doing so, individuals increased their confidence and moved closer to the labour market. Individuals who progressed through the programme will be ready to access training, voluntary opportunities and employment.

The project delivered:

- 206 participants supported
- 25 participants moved into education or training
- 11 previously unemployed participants moved into employment
- 4 previously inactive participants moved into employment or job search

Care to Achieve - Pallion Action Group
